# **FEDDERLITE® MP**

Prefabricated Panelization System Installed over a Proprietary Light-Gauge Metal Pan

# **Product Overview**

Fedderlite<sup>®</sup> MP is a prefabricated panel system utilizing a Dryvit Outsulation<sup>®</sup> system over a specially designed, proprietary light-gauge metal pan.

Fedderlite MP is ideally suited for pre-engineered metal buildings, warehouses and manufacturing facilities, in addition to mechanical screens and retrofit construction applications.

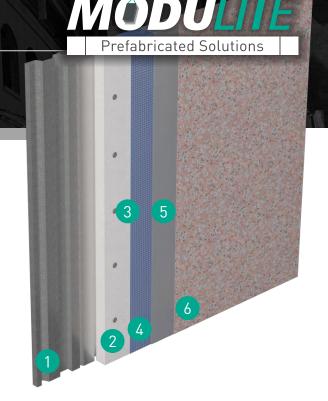

The pan and panel system are mechanically fastened.

## Features & Benefits

- Outsulation system over a specially-designed, lightgauge metal frame and proprietary metal pan
- Lightweight, at approximately only 4.5 lb/ft<sup>2</sup>
- Ideal for pre-engineered metal buildings, screen walls, and over irregular surfaces
- Proprietary, industry-unique system

# Why Build with Modulite Prefabricated Panels?

Speed construction or restoration. Simplify installation. Extend the construction season. A stucture built with Modulite prefabricated panels means more for everyone – more satisfied contractors, more comfortable occupants or tenants, and more efficient structures and cost-effective operation for owners.

Faster Construction Time

In-plant fabrication can reduce production time, and speed up field application of exterior cladding systems, to reduce construction schedules.

Stronger and More Resilient Our systems are designed for maximum durability, many with service lives far surpassing that of competing systems.

#### **Cost-Effective for the Long Term** A broad range of products can fit most project budgets – but our energy-efficiency and maintenance

solutions can also help you ensure cost-effective ownership and operation for the long term.

### One Point of Contact

Our products and systems are backed by industryleading warranties — all from a single point of contact. We can also help with everything from asset management to diagnostics to installer training.

#### Any Look You Want

A wide range of colors and finishes like brick, granite, metals, stucco and more provide maximum flexibility in your façade aesthetic.

**Avoid Labor Shortage Problems** 

ongoing shortages in the skilled labor force - while

Pre-fabricated Dryvit panels can help address

simultaneously maximizing quality control.

### Better Insulated

Industry-leading Outsulation<sup>®</sup> continuous insulation means efficient construction and operation, and will exceed strict energy codes for insulation.

### Leading Edge Sustainability

Our building solutions help you reduce waste, and meet green building standards like Net Zero, Living Building Challenge, Passive House and more.
