Before Making A Final Color Selection:

Please note that the on-screen colors may not precisely match actual colors due to variance in monitor calibrations. It is the intent and purpose of this web-based color chart to provide a basic representation of Dryvit finish colors and is offered as a sales aid only to select a range of colors for final selection. This web-based color chart shall not be used for final color selection as color differences may occur from one computer to another. Actual color selection should be made from 6" x 6" samples of each finish type, texture and color to be used on the project. Samples shall be prepared using the same tools and techniques proposed for the actual installation by the applicator/contractor.
